

Recommended Programmed Frequencies and Channels for HTs and Mobile radios used to support SARA

In the course of an emergency, you might be handed a radio other than your own and asked to communicate with it. It happens!

In order to facilitate more efficient (doing things right) and effective (doing the right things) communications, the SARA Board of Directors recommends that all ham radios used to support SARA-related activities, whether HT or mobile, be programmed with the following frequencies on channels 1-14.

The radios in Saratoga's two Emergency Operations Centers and the trailer, as well as the radios at the Saratoga Retirement Community are already programmed with these frequencies on these channels. We hope you will consider doing the same.

EOC Frequencies

Channel	Net or Activity	Name	Frequency (Offset)	Tone (PL)
	SARA			
1	Saratoga Command VHF	K6SA 2m	146.655 (-)	114.8
2	Saratoga Command Simplex	K6SA simplex	146.655	114.8
3	Saratoga tactical		146.505	Simplex
4	Saratoga tactical 2		146.595	Simplex
5	Saratoga Command UHF	K6SA 70 cm	443.150 (+)	100
6	Resource Net Los Gatos	W6PIY	147.390 (+)	151.4
7	San Jose Command Net	W6UU	146.985 (-)	114.8
	County			
8	County Message Net	W6TI	147.360 (+)	110.9
9	County Message Net Alt	K6FB	145.450 (-)	100.0
10	County Command Net	WB6ZVW	442.500 (+)	100.0
11	Command/Resource Alt	K6SNY	443.275 (+)	107.2
12	Resource Net (Primary) SVECs	AA6BT	146.115 (+)	100.0
13	Resource Net (North)	W6ASH	145.270 (-)	100.0
14	Resource Net (South)	N6NAC	444.625 (+)	110.9
